
Top Spin 4 Pc

Aug 1, 2018 - This is Top Spin 4 running on RPCS3! lol I'm actually serious. I own it on my PS3 of course, but now I'm running it in 1080p60 on my HTPC on ... I was wondering if I should buy the RPCS3 and play it on my phone. Do you know? Actually, if you have the RPCS3, I would recommend making it an upgrade. I can't tell you how it works, but it works. After all, it's just an app that works without it. It already has everything you need. You just need to install it on RPCS3 and have it working. You don't need it. I know I can tell you how to do it, but I don't think it's a good idea.
