The technology also analyses each of the 5.5 billion possible scenarios in the game. Out of these scenarios, the most satisfying and challenging ones will be displayed on the game screen. The most likely move, tackle or cross will be displayed alongside the best possible move. The HyperMotion technology not only monitors movement for the 5.5 billion scenarios, but it also automatically adjusts AI to create a simulation that is challenging and realistic. “FIFA” is a registered trademark and “FIFA 20” is a registered trademark of EA SPORTS™. “Fortnite” is a trademark of Electronic Arts Inc. and is used under license by Electronic Arts Inc. “YouTube” is a trademark of Google LLC. #### **Fifa 22 Features Key:**

- FIFA 22 is packed with all-new features, including a new Commentary Engine, improved gameplay, and a reworked engine that allows for more classic FIFA experiences in the world of player creation
- Revise your team's tactics to become the ultimate version of your favorite player.
- From individual flair to team play, make your decisions count in all areas of the pitch.
- Discover new ways to play Football Operations in new Attack and Defend modes, as well as new passing options and shooting tactics.
- Relive the glory days of the game's classic modes with reworked controls and gameplay and innovate on the game's de facto hero passing style by refining long and short passes, and redefining set-pieces.
- Returning features include Manager and Player Ratings allowing you to make the right selection based on an aspect of your team. You can also adapt your formation and style of play to your opposition
- Modernize your stadium by arranging your pitch to your preference for the more authentic experience.
- Feature rich Ultimate Team mode enables you to build the Ultimate Team you have always wanted, including classic game modes and the addition of a brand new Player Academy that provides the best you've ever seen. Players that shape the matches in the game can be added to your squad.
- Dozens of game-changing improvements have been made around ball physics for optimum ball control and more ball intelligence. FIFA Ultimate Team is the most rewarding but also the most demanding FIFA experience ever created.
- New Franchise Mode – Refine and Customise your Club and then transfer your skills from the pitch to your new media rights company, taking it from a dream to reality, from Financial Fair Play to owning a new country!
- Influential new social media integration includes Instagram and more.
- A fully revamped Watch Arsenal Live feature allows fans to watch their favourite team and players on the go.
- Begin your journey to new heights in Career Mode: manage your Club's growth from the lower divisions to the Premiership, and enhance your stadium by renovating all areas of the pitch on the way.

Ultimate Team is a new feature in FIFA 22 which offers a new way to build the ultimate team. Create the best squad of players with the tools on offer and play head-to-head online in FIFA Ultimate Team modes, including Leagues, Fantasy, Mini-Transfers, Drafts and Squad Battles. Grass – New Grass Strata allows players to adjust the pitch surfaces in-game. By applying different levels of pressure at distinct pitches such as hard packed, mud, sand and bare sand, players can have a unique playing experience each time they step onto the pitch. Online Seasons – The Online Seasons feature creates an open platform for players to compete with one another. Share your progress as you climb the ladder and compete in online seasons for rewards including titles, badges, team kits, and jerseys. Create a Club – Set your club into the next level with new Create a Club features. Design your stadium, your club colors and website, as well as the interior design of your stadium. Customise your fans, train your players, all whilst staying true to your club colors. Customise League Format – The new League Format feature offers a multitude of different formats for playing different type of games. VAR – The first online touchline system to incorporate VAR, the FIFA Ultimate Team VAR matches feature VAR at key moments in the game. Ball Control – Adapt your game to suit the current state of the ball. New Pass Options include Pass for a team mate, Pass for the flank, Cut back pass, Mid range pass, Sideline pass and Pass to feet. Dribbling + Cruising – Take control of the ball with more dribbling and a new Cruising Feel. Player Impact Injuries – With the introduction of full body impact to help players protect from accidental injuries in multiple areas, including the head and face. New Player Faces – New licensed players with contrasting facial expressions and animated expressions, which turn on the visual element of the game. A new player identity lets you display your favourite player's face on your team, even when he is not in game. Match Day and Squad Optimization – A brand new Match Day feature lets you manage the performance of your squad before a match begins, including tweaks to fitness, skill rating, and positioning. A Squad Optimisation feature also lets you improve your team's performance in a number of ways, including swapping out players for more balanced line-ups. Team Tactics
